

Product Name: Hybrid SiO2

Description: The ultimate car care maintenance product that enhances the smoothness and gloss of your vehicle. AUTOTRIZ Hybrid SiO2 advanced formula fills in nano pores and creates a hydrophobic coating layer that repels water and other liquids, making it easier to keep your car looking clean with uniform finish. It's easy to apply and can be used on all types of paint, including clear coats, single-stage, and metallic finishes.

Technical Data		General Data	
Product	Hybrid SiO2	Category	Retail After Care
Flash Point	100°C	Volume	16oz (AT-HT-500)
Appearance	Sky Blue	Features:	
Physical State	Liquid	✓ Ideal For Car Enthusiasts	
Odour	Sweet Smell	✓ Hyper-Smooth Surface	
Specified Gravity	1.05 g/cm ³	✓ Super Hydrophobic Effects	
Hazard	Non-Hazardous	✓ Enhances Gloss & Color Depth	
Application	Detailing/After Care	✓ Simple & Outstanding Maintenance	
Storage	5-35°C/41-95°F		

- Directions:**
1. Ensure your vehicle's surface is clean and dry before application.
 2. Shake the bottle well before use. Apply AUTOTRIZ Hybrid SiO2 500ml directly onto the surface.
 3. Spread the product evenly with a microfiber cloth over the surface, using light pressure. Then, allow the product to sit for 1-2 minutes.
 4. Buff the surface with a clean, dry microfiber towel until a glossy finish is achieved.

Precaution: KEEP OUT OF REACH OF CHILDREN.
