

Product Name: Iron Remover

Description: AUTOTRIZ Iron Remover is an acid-Free, pH-balanced formulation designed to decontaminate paint and remove iron oxide and ferrous oxide particles from paintwork and wheels. Dissolves harmful iron, rust and industrial fallout deposits from surfaces. Ideal for paint surface prep prior to application of a wax, sealant or ceramic protection. Spray on and rinse off. Easy to use.

Directions: Spray AUTOTRIZ Iron Remover on to the required surface. Allow to dwell for 2 – 3 minutes until the colour changes to purple red. If required, agitate with a soft wheel brush. Do not allow to dry! Rinse with fresh, clean water.

TIPS: For light iron or rust accumulations, dilute to 1:2 with water

Precaution: Wear protective gloves/protective clothing/eye protection/face protection. Obtain special instructions before use. KEEP OUT OF REACH OF CHILDREN.

First Aid: Eye Contact: Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor. Skin Contact: Rinse with plenty of water. Call a doctor if irritation develops or persists. Ingestion: Rinse mouth. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Call a poison center or doctor if you feel unwell. Inhalation: Call a poison center or doctor if you feel unwell.
