

**Product Name:** Ceramic Hybrid Coat

**Description:** AUTOTRIZ Ceramic Hybrid Coat is a groundbreaking maintenance and enhancement product for ceramic-coated or non-coated cars. A highly advanced and complex SiO<sub>2</sub> formulation that results in hyper smooth and super hydrophobicity. It maximizes surface protection and performance by significantly improving color depth, gloss, and anti-stain, enkindling a worry-free surface from spots, streaks, dust, or fingerprints. AUTOTRIZ Ceramic Hybrid Coat is an absolute choice for professionals as maximizing performance can be done with a quick and easy spray-on application process. Highly recommended to use on all exterior surfaces.

**Directions:** For best results, surface should be cool to the touch. Do not apply in direct sunlight. Spray directly on surface. Using a soft Microfiber Towel folded into quarters, wipe clean. Turn to dry portion for final wipe.

**Precaution:** KEEP OUT OF REACH OF CHILDREN.

**First Aid:** Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a doctor if you feel unwell. Skin Contact: Rinse with plenty of water. Call a doctor if irritation develops or persists. Ingestion: Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Inhalation: Call a poison center or doctor if you feel unwell.
